

MathXL Registration Instructions for Students

1. To get started, go to <http://www.mathxl.com>
2. If you have your Access Code, click the **Register** button. If you do not yet have an access code, click the **Buy Now** button. Once you have completed your purchase of your MathXL subscription, start with these instructions again at point 4 below.
3. Enter your access code (found inside the *MathXL Student Access Kit* included with your textbook), your school's zip code (46202), and select the country where your school resides (United States) from the drop-down list. Click the **Next** button.
4. Enter your name and email information and pick your school (IUPUI *) from the School Name drop-down list.
5. Create a username and password. This will be your MathXL login information going forward. Select and answer a security question. Click **Next**.
6. You have finished the registration process. Go back to <http://www.mathxl.com>. Enter the username and password that you created in the registration process and click Login.
7. Once logged in, on the "welcome" screen click on the link **Enter MathXL** button. On the next screen, click on the **Enroll in a New Course** located in the middle of the screen . Check the **Enroll in my instructor's course** button. From the three drop-down menus at the bottom of the page, select IUPUI, your instructor's name, and the appropriate section. Click **Enroll**
8. On the next screen, click **Run the installation wizard now** button to install any necessary plugins you may need for this course. Be sure to follow the instructions on this screen as you may need to install some items prior to beginning your work in MathXL. Further instructions on installing plugins can be found at http://www.mathxl.com/support/contactus_stu.htm.

Once you have completed step 8, you are finished with the setup time and now ready to begin your course work in MathXL. MathXL allows you the opportunity to be assessed, gives you a study plan, and provides you opportunity for tutorial work. Many courses provide video and animation help while also showing links to an online version of the textbook. Your work will be tracked into a gradebook for your instructor. For further help with MathXL, be sure to see <http://www.mathxl.com> or call 800.677.6337 for tech support

* Make sure you select IUPUI as the school. Do not select INDIANA UNIV-PURDUE U-INDY.
